FINE ARTS DEPARTMENT

To the Trade

WE present herewith our 1913 Catalogue of Bath Room Mirrors and Cabinets and wish to call attention to the following special features:

PYRALOID — This is a heavy, pure white sheet covering, highly polished, non-porous, and guaranteed not to crack or turn yellow with age. For Sanitary Fixtures PYRALOID is far superior to any other material known. Our improved process for applying this material enables us to quote prices never before approached.

SANOID — Our Sanoid finish is a beautifully polished white waterproof coating.

WHITE ENAMEL is the very best obtainable, nicely rubbed down with pumice stone and rotten stone.

NICKEL — The nickel plated frames and brackets are nickeled on solid brass and carefully polished.

SCREWS — Each mirror is furnished with screws and hanger plates ready for installing.

PRICES — Our factories are the most complete of their kind in the country, which accounts for the extremely low prices we are able to quote on high grade goods.

BOXING — A charge is made for packing and carting on all orders under $10.00 net. Goods shipped at purchaser's risk.

Trade Discount on Application
